EDUCATION

University of Michigan, School of Information

Ann Arbor, MI

Bachelor of Science in Information (BSI): User Experience Design | Minor in Business (Ross School of Business)

May 2026

GPA: 3.7 | University Honors (4 semesters) | MSI Accelerated Admission: User Centered Agile Development (Fall 2026)

- **Coursework:** UX Design, Usability Evaluation & Needs Assessment, Human Computer Interaction, Product Design, Web Accessibility (WCAG), JavaScript/React, Django, SQL & Databases, Business Strategy, Sustainability Strategy, Operations Management
- **Activities:** Mintify Consulting Club, MProduct, Provost's Undergraduate Advisory Council, UMSI Inclusive Leaders, LSA Conversation Circle Facilitator

Schoolcraft Community College — A.A.S., Computer Programming

Dec 2018

PROJECT EXPERIENCE

Roamio — Travel Platform Concept (SI 311 Product Design)

Jan 2026 — Apr 2026

Product Designer • University of Michigan

- Developed ideation workshops, competitive strategy analysis, a lean canvas, service blueprint, prototype, and full usability test plan (n=5) for a platform connecting travelers with verified local agents, featuring gamified exploration and hidden-spot reveals.

UM Seed Library — UX Capstone & UMSI Expo Presentation (SI 487/497 BSI UX Capstone)

Aug 2025 — Apr 2026

UX Researcher & Designer • University of Michigan

- Conducting end-to-end UX research and design across a two-semester client capstone: project scoping, user interviews, requirements gathering, prototyping, usability evaluation, and statistical analysis of pre/post design metrics (n=8).

Michigan Supreme Court JFA Commission — Court Form Redesign

Aug 2025 — Dec 2025

Project Manager • Mintify Consulting Club, University of Michigan

- Led a 10-person cross-functional team (analysis, design, research) through a full UX engagement redesigning the proposed Advice of Rights and Answer Form for Michigan debt collection cases, where 70% end in default judgement.
- Facilitated client kickoff and ongoing collaboration with the JFA Commission chair and Michigan Legal Help; defined scope, deliverables, and delivery timeline.
- Coordinated user interviews (n=6), survey analysis, persona/journey map creation, and iterative prototyping from wireframes through high-fidelity Figma mockups validated by usability testing (n=4).

WORK EXPERIENCE

PC Services Project Manager

Nov 2022 — Jul 2024

Novastar Solutions

Livonia, MI

- Saved Stellantis millions in costs by proposing, prototyping, and validating a VMware solution to maintain legacy vehicle testing equipment in place of full hardware replacements.
- Coordinated PC replacement projects across GM and Stellantis accounts, driving primary revenue; onboarded and trained new technicians to build cross-account teams.

Lead HP Warranty Repair Technician

Sep 2017 — Nov 2022

Novastar Solutions

Livonia, MI

- Designed, developed, and maintained a warranty repair job-tracking application to meet audit requirements; grew the repair team from 1 to 3 technicians.
- Increased channel revenue by 8% by meeting HP partner performance incentive benchmarks across Stellantis and GM campuses.

Competitive Robotics Coach

Sep 2016 — May 2023

Cranbrook Schools

Bloomfield Hills, MI

- Taught robot design, programming, and strategy to student teams competing at State and World Championship events; teams won multiple State titles.

Support Analyst

Jan 2014 — May 2016

Coinbase

San Francisco, CA

- Drafted customer and internal documentation; leveraged Atlassian tools to bridge information gaps between support and engineering.
